

To scale our team, we are looking for a

Platform Engineer (Cloud & bare-metal)

Scigility combines academic and practical knowhow to a unique Big Data service offering for our customers. **We define, build and operate integrated Big Data platforms**, build applications to create new insights to our customer's data and support customers within the legal framework.

Your tasks

- Designing and developing both **bare-metal and cloud-based solutions**, leveraging state-of-the-art technologies, tools and methodologies
- Build, operate and maintain **distributed, high-available systems**, like e.g. Hadoop
- Work closely with customers and other stakeholders in an agile environment
- Review, audit and troubleshoot existing solutions and system architectures
- Participate in **customer workshops** and presentation of the proposed solutions
- **Explore available technologies** to provide business support to our clients

Your profile

- Degree in Computer science or equivalent
- You are a proactive team player with the ability to work independently and accurately in interdisciplinary projects
- You are curious about new technologies and willing to learn
- Strong problem solving skills
- Strong command of English. Good knowledge of German and/or French is beneficial
- Proficient in **Linux administration** and **Networking** setup and troubleshooting
- Experience in setting up **secure & high-available** distributed systems (SSL, Kerberos, SSO,...)

Your bonus skills

- Hands-On experience with cloud environments (**AWS / Azure / GCP**)
- Hands-On experience in **Big Data technologies** (Hadoop, Kafka,...)
- Experience in applying **IaC** and **deployment automation**
- Experience with Microservices, Docker and Kubernetes

Your Opportunities

Design your career with Scigility in a culture that promotes innovation and diversity. We offer you to join a young and professional team in an environment that constantly opens new doors through knowledge sharing, flexibility and recognition.

Your Application

We are looking forward receiving your application online on jobs@scigility.com. For further information please contact Natalya Sidler (jobs@scigility.com / +41 44 214 62 89).
